

DR. RAJESH SHARMA

*Vice President, Global Regulatory
Excellence and Sustainability
Arch Chemicals, Inc.*

Rajesh (Raj) Sharma is Vice President, Global Regulatory Excellence and Sustainability of Arch Chemicals, Inc. (NYSE: ARJ), a global Biocides company with annual sales of over \$1 billion. In this capacity, he is responsible for managing the Company's toxicology and regulatory issues and needs by developing innovative strategies and solutions in support of Arch's global businesses.

Dr. Sharma is also responsible for technology development for Arch's global Water Products business. In this role, he oversees the development of next generation products and the expansion of the business' intellectual property portfolio. In his Sustainability role, he has company-wide responsibility for the identification and implementation of initiatives that enhance social and environmental outcomes while creating true economic value for Arch.

Prior to joining Arch, he gained extensive experience in consumer products and chemical toxicology with Unilever (UK), Clairol-Bristol Myers Squibb and Procter & Gamble.

Dr. Sharma holds a Bachelor of Science degree in Biochemistry from the University of Surrey, UK, a Master of Science degree in Toxicology from the University of Birmingham, UK, and a Ph.D. in Toxicology and Pharmacology from the University of Surrey, UK.

Dr. Sharma is located at Arch Chemicals' Research and Technology Center in Cheshire, Connecticut.
