PRESSURE TREATED WOOD

BUILD YOUR OWN
RUBBISH BIN STORAGE UNIT

INSIST ON GENUINE TANALISED® TIMBER

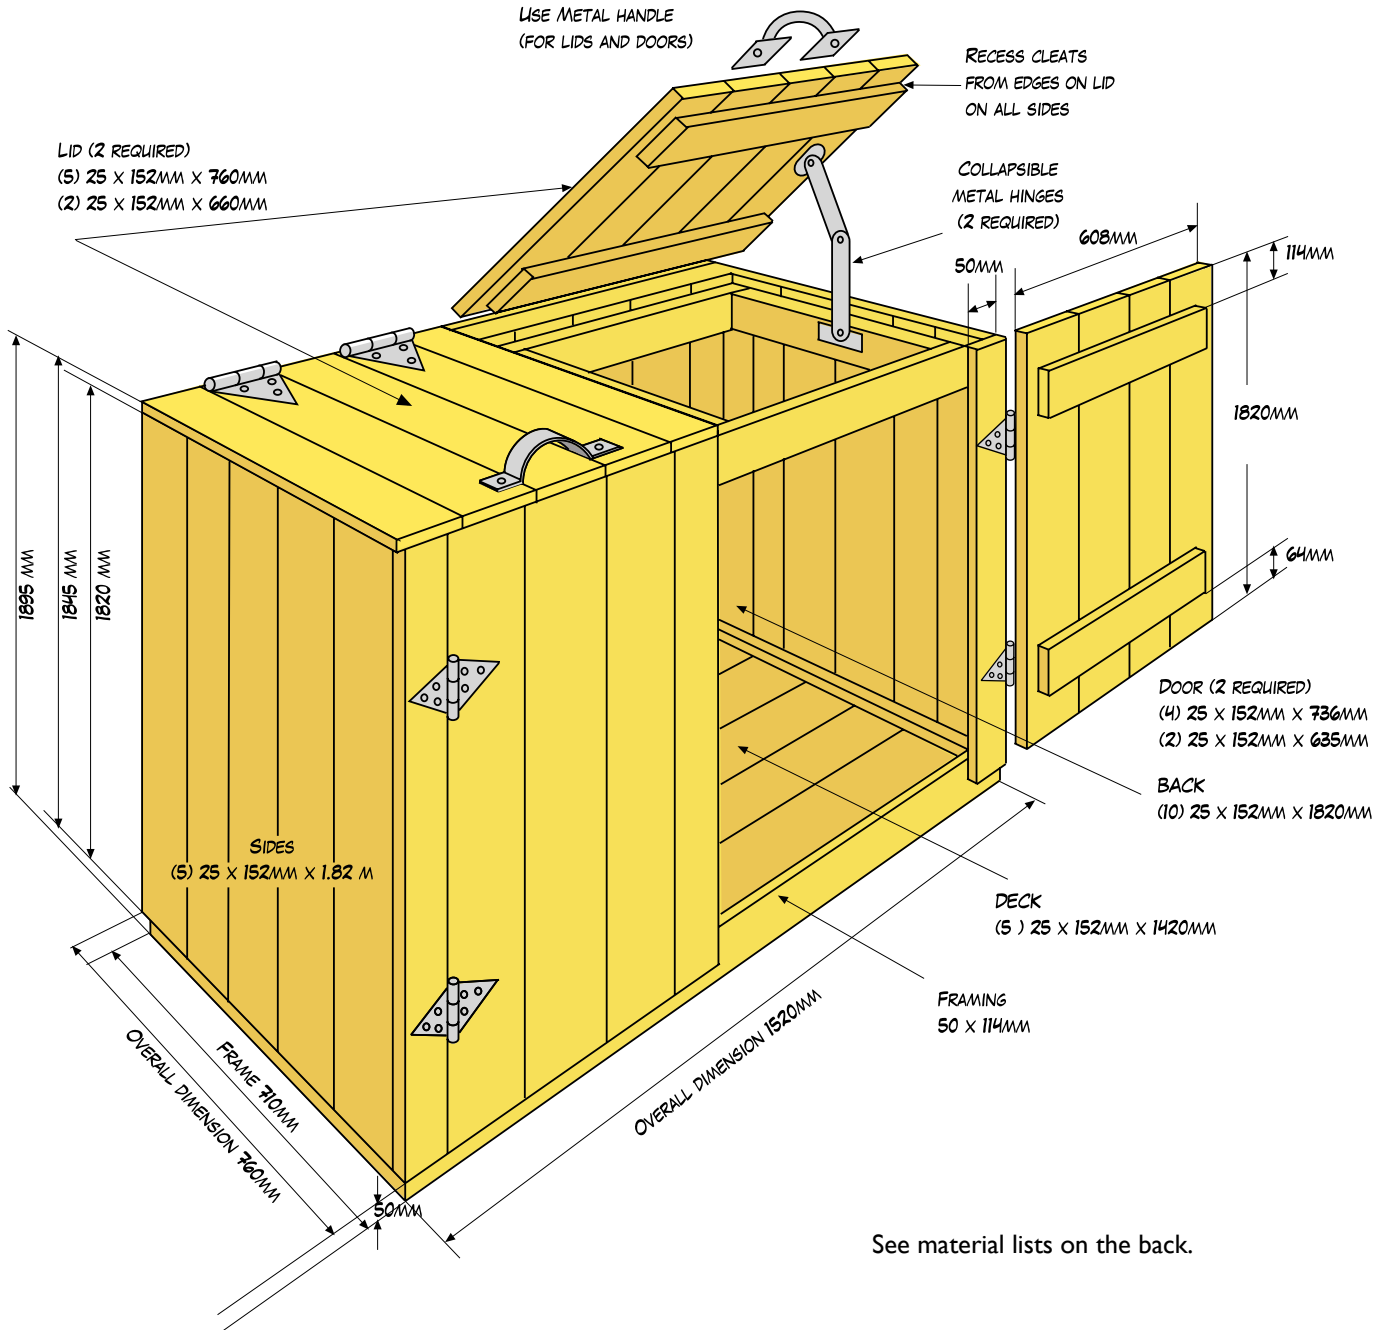

www.tanalised.com/sa

Rubbish bins outside your kitchen door can look unsightly. Bins can also be a great temptation for “man’s best friend” if you are a dog owner. Tidy up your outside area with this versatile rubbish bin storage unit.

Be the envy of your neighbours by tidying up your outside yard with this great DIY project, which places those annoying rubbish bins out of sight.

Build this rubbish bin storage unit out of Tanalised® treated timber, which will last for ages and is backed by the Tanalised® Lifetime Guarantee. Make sure that you ask for H3 treated timber, which is suitable for outdoor use. Timber which is pressure treated with Tanalised® C (CCA) will provide years of service, offering protection against wood borer, termites and wood rot.

Once the storage unit has been constructed, it is advisable to coat it with a timber sealant (varnish or stain) which will nourish the timber, and provide additional protection against natural elements such as rain and UV degradation. Ask your local building merchant or hardware outlet for advice.

See material lists on the back.

Part/Material	Quantity	Size (mm)	Length (m)
Sawn Timber:			
Frame	2	50 x 114	4.28
Front, Back, Sides, Deck, Lids & Doors	20 2 3	25 x 152 25 x 152 25 x 152	1.82 2.44 3.05

Nail Down a Lifetime Guarantee

TANALISED® C pressure treated sawn timber used in H2 and H3 applications is supported by a 50 Year Guarantee against insect attack and wood decay:

- Timber must be treated in accordance with SANS 10005 - "Preservative Treatment of Timber" by an approved Treater with TANALITH® C wood preservative.
- The Treatment Guarantee is valid from date of purchase.
- The guarantee is transferable from one owner to the next within the guarantee period.
- Look for the  to know that the wood has been treated with TANALITH® C. Treated Sawn timber will have this symbol stamped next to the Certification Mark (SABS or SATAS).

For more information ask your dealer for the TANALISED® Lifetime Treatment Guarantee Brochure, or visit our website on www.tanalised.com/sa.

Supplementary Wood Protection Products TANALISED® ENSEAL GREEN™ or CLEAR™ : A brush-on product offering insecticidal and fungicidal protection ideal for re-sealing cut-ends of treated wood, or for remedial protection of existing timber installations.
